

Programme Highlights

The ESID 2024 programme is designed to foster in-depth discussions, ensure the exchange of expertise, and provide cutting-edge research in the field of immunodeficiencies and human inborn errors of immunity (IEI). As part of this dynamic programme, we are excited to present a series of Meet-the-Expert sessions led by renowned professionals. These sessions offer attendees the opportunity to engage directly with experts, ask questions, and delve into real-world examples from clinical practice. In addition to these interactive sessions, parallel sessions will run concurrently, covering a wide array of topics ranging from viral diseases and actinopathies to inflammatory disorders and bacterial infections. Join us for stimulating conversations and valuable insights into the latest advancements in IEI. Want to find out about our keynote and plenary speakers?

Parallel Session

Elie Haddad (Canada)
Manar Abdalgani (USA)
Anne Barasa (Kenya)
Hirokazu Kanegane (Japan)
Vingesh Pandiarajan (India)

IEI and Allergies

Parallel Session

Stuart Turvey (Canada)
Cindy Ma (Australia)
Stephen Jolles (UK)

From Rare to Common: From Genotype to Phenotype

Parallel Session

Stéphanie Boisson-Dupuis (France)
Jacques Fellay (Switzerland)

Phenocopies of IEI

Parallel Session

Benjamin G Hale (Switzerland)

Aude Magérus (France)

How to Manage CVID?

Meet-the-Expert Session

Aurélien Guffroy (France)

Mikko Seppänen (Finland)

IEI and Lung Diseases

Meet-the-Expert Session

Klaus Warnatz (Germany)

Vassilios Lougaris (Italy)

IEI and GI Diseases

Meet-the-Expert Session

Daniel Kotlarz (Germany)
Susana L Silva (Portugal)

IEI and Inflammatory/Autoimmune Disorders
Parallel Session

Carsten Speckmann (Germany)
Alice Lepelley (France)
Fabian Hauck (Germany)

IEI and Innate Immunity
Parallel Session

Taco Kuijpers (Netherlands)
Isabelle Meyts (Belgium)
Trine Mogensen (Denmark)

IEI and Adaptive Immunity
Parallel Session

Sophie Hambleton (UK)
Vivien Béziat (France)

Raz Somech (Israel)

IEI and Bacterial Diseases

Parallel Session

Vanessa Sancho-Shimizu (UK)

Jonathan Bohlen (France)

Andras Spaan (Netherlands)

IEI of Signaling Pathway

Parallel Session

Sven Kracker (France)

Helen Su (USA)

Roger Colobran (Spain)

IEI and Hematological Disorders

Parallel Session

Marlene Pasquet (France)

Markus Seidel (Austria)

Despina Moshous (France)
